How We Set Our Tuition:

Besides providing top quality, accredited, Christian education, and longer/more school days than most schools in the area, Trinity has the simplest tuition and fee structure. Tuition is set to cover the cost of providing this education with careful stewardship. Our tuition and fees already include technology, field trips (except 8th grade trip), and a yearbook. A Trinity education actually costs around $9000 for each full time student. Funds not generated by tuition, are raised through the generous donations of our congregation, alumni, and community. Additional support comes from special events like our annual "Advance the Potential" event and PTO Tiger Run.
