Advance the Potential of Our Students

You are Invited!

From the oldest to the youngest,
Trinity kids are still telling the Good News!

Celebrate Lutheran Education!
It's past, present and future in Portland.

The 2019 *Advance the Potential of Our Students* is an evening to recognize all educators from Trinity Lutheran Christian School, Portland Lutheran School and welcome our TELC teachers. For over 125 years these teachers have been in an intertwined ministry of Lutheran education. Join us to publicly thank those in attendance for their service in their schools' long histories. In a world filled with many concerns and struggles for children and their families, these teachers daily shared God's grace and love . . . immeasurable gifts!

Advance the Potential of Our Students is also an evening to support Trinity's Kindergarten-Grade 8 program with your financial gifts. Today, Lutheran school education in NE Portland needs your help to be sustainable.
